

“Work Your Faith” Scripture Reading Plan

Throughout the summer we’ll be digging into the book of James during our Sunday gatherings. Our goal as we dig into the Bible is that the Word of God transforms you. One of the best ways this can happen is by you interacting with Jesus by personally spending time in Bible...beyond Sunday mornings. The following reading plan follows the same calendar as what will be preached on Sunday mornings.

We have a few suggestions to help you really interact with Jesus as you spend time in the Word, instead of just reading it for head knowledge. First, don’t just read over the passage one time, but read over it multiple times throughout the week. Second, ask yourself the following three questions as you read (writing your answers in a journal can be very helpful):

- (1) What did you learn?
- (2) What did God say to you?
- (3) What will you do now?
